ABOUT SUKOŠAN:

Sukošan (San Cassiano in Italian) is a village in Dalmatia, Croatia, with 4,583 (2011 census) inhabitants, the majority which are Croats. It is located along the Adriatic tourism road between Zadar and Biograd na Moru.

Sukošan is a holiday resort, with a spacious and cultivated long coastline, numerous coves, and clean clear sea. Known as a nautical center, Sukošan is a site of Zlatna luka Marina, the Tustica Nature Complex, pebble beaches, camping sites, distinguished buildings, olive groves, and vineyards. Sukošan is surrounded by numerous islands. Only 13 NM from the Marina "Dalmacija" is National Park 'Kornati' with over hundred islands, numerous bays and beaches, and a Nature Park Telascica.

Situated in a bay, Sukošan has few sand beaches. The town itself offers nice walks through the traditional narrow alleys.

The town cherishes the old customs. They are linked to the feast of St. Kasijan, the patron saint of Sukošan (13 August). The Nights of Sukošan is another event offering entertainment. During the carnival season, "luzari", masques typical only of Sukošan, represent a special attraction.

Due to its numerous restaurants and taverns, Sukošan is known as a place of drinking wine and singing.

! Important tips for the peaceful vacation!!!

- ⇒ To avoid problems, please do the check-in precise and write down every deficiency at the check form.
- ⇒ The port manuals for the Mediterranean on board may be used for navigation only. Any use of other documents than those specified, results in the liability of the skipper in the case of damage.
- ⇒ The electronic map is a navigation AID and was developed to simplify the use of official maps. It is no replacement for official sea maps and only the official sea maps and messages contain the necessary information for safe navigation. The captain is responsible for correct use.
- ⇒ We advise our customers to fill up the yacht already on the day before last and to also fill up the space can with diesel. Before the yacht is handed over, the tank is filled with the reserve can. This saves the customer a long wait at the petrol stations and allows a smooth and timely check-out.
- ⇒ The water tanks and the reserve can of the outboard motor are not filled.
- ⇒ Give stowaways (rats) no chance! Please put rests of meal and the gangway away.
- ⇒ Think of the next guest! Regrettably, it happens that yachts are left in very dirty and disorderly condition. This means that the final cleaning takes longer as it should. This delays the check-in of the next crew considerably. We therefore ask you kindly to ensure the boats are clean and tidy at hand over. Please dispose of your rubbish in the designated containers in the marina. These measures will facilitate a swift and punctual check in for the following crew. Thank you for your cooperation.
- ⇒ **Our boats cannot go under the bridge 'Ždrelac' that connects island Pašman with island Ugljan and is strongly forbidden to pass under it!**
- ⇒ **Boat must be returned on the check out with full diesel or gasoline tank!!**
